Clarifications are addressed by the faculty in real-time

Stepping into Class VIII the next year?

You can be an NTSE Winner if you start early.

Be Ahead with Sustained Excellence

Be Ahead with Sustained Excellence

## What is NTSE? How Does it Benefit Students?

NTSE (National Talent Search Examination) is conducted for students studying in Class VIII by NCERT to identify talented students. NTSE scholars win recognition as the most promising students of their age group. Students who are awarded these scholarships receive financial assistance up to the Ph.D. level for studies in social sciences, basic sciences and commerce. Those pursuing professional courses such as engineering, medicine, management and law are eligible to receive financial assistance up to the Master's degree level.

The examination is conducted at 2 levels, i.e., State and National. Both these examinations consist of Scholastic Aptitude Test (SAT) and Mental Abilities Test (MAT). SAT covers the subjects - Physics, Chemistry, Mathematics, Biology, History, Civics and Geography. More information on NTSE is available at [www.ncert.nic.in](http://www.ncert.nic.in)

## How Does the Preparation Help in Future?

Preparation for NTSE will reinforce the students' subject-specific knowledge and enhance their performance and analytical skills. It also helps in preparation for National Means-cum-Merit Scholarship (NMMS) Examination. NMMS is for students of VIII class, to support them financially for better education and to enhance their talent. Students also get a good foundation to excel in competitive examinations like KVPY, Science Olympiad, IIT-JEE, AIPMT, AIEEE, SAT, CET etc. later on.

## NTSE Winner 2012: From BASE

BASE can help your child excel in NTSE to be held in October/November 2012. **Students (State, CBSE & ICSE) who are currently in Class VII and will be in Class VIII in 2012-13, can enrol for this training.**

## Course Components

### Extensive Interaction

Training imparted by our highly competent faculty will strengthen the fundamentals, focus on concept clarity, refine problem solving ability and enhance competency and performance levels of our students. About 140 hours of classroom interaction is slated, to ensure comprehensive preparation towards both the Mental Ability Test and the Scholastic Aptitude Test.

Sincere pre-class work, combined with active participation in classroom, will ensure better orientation towards NTSE.

### Program Offered through:

- Classrooms at BASE centres
- BASE@Home
- Distance Learning Program

### Printed Courseware

The printed courseware has been designed to cover related topics with excellent synopses followed by adequate worked examples and practice exercises. These are provided in 8 modules (2 modules in each group) as follows:

- General Science (Physics, Chemistry, Biology)
- Mathematics
- Social Science (History, Civics, Geography)
- Mental Abilities

### Online Learning Platform

- Online Learning Platform will make available video containing synopsis of chapters, quizzes, tests, solutions to exercises and information on learning methods
- Discussion forum provides the students a platform to interact with teachers and clear doubts
- Online solutions help students understand the approach to solve problems

**BASE Performance  
@ NTSE in 2011**

**State Level: 34  
National Level: 16**

## Schedule

### Program starts

**December 2011**

### Sessions:

During December- January 2012	2 days a week, 2 hours a day
During April/May 2012 (2 weeks)	6 days a week, 3 hours a day
During June-August 2012	3 days a week, 2 hours a day
During September-October 2012	Revision and practice papers

*Schedule could vary across centres*

## Assessment

There are 4 levels at which assessment of student's learning is done:

- **Pre-class:** Synopsis of every chapter is followed by a self-test. A detailed question-wise report of this online test will be generated immediately after the test is submitted.
- **In the class:** A worksheet is administered in the class after a chapter is discussed and the same is evaluated in the class. This is followed by a discussion of the paper.
- **Post-class:** Periodic practice tests on a chapter or a group of chapters will be posted online and the detailed report will be generated immediately.
- **Full length tests:** 5 full length tests will be administered at the end of the course. Each test is followed by discussion of the paper.

## Admissions Open. Enrol Right Away!

To enrol for the program, walk in to any of BASE Centres, or call us at **080-4260 4600** or write to us at [info@base-edu.in](mailto:info@base-edu.in) Limited seats. Admissions on first-come-first-served basis. Be an early achiever: Become an NTSE Winner!
