The leader in student training has now come much nearer to you - in fact, right into your home!

Discover BASE@Home training programs, that bring BASE's legendary training standards beyond the classroom - and right upto your doorstep through innovative use of technology and powerful multimedia tools. BASE uses the power of the Internet to deliver the same learning experience of its classroom programs, which means students far away can benefit from interactive learning - much the same way as in classroom learning!

P.S.: A student needs to own or have access to a computer with Broadband Internet connection.

Clarifications are addressed by the faculty in real-time

Be Ahead with Sustained Excellence

**As You Get into II PU,
It's Time to Change Gears!**

Be Ahead with Sustained Excellence

II PU and CET: The Countdown Begins

As you get into II PU, it is time to change gears in your preparation for PU and CET. You need to very quickly put the cozy I PU days behind and get focused on the big tests of PU board exams and the competitive CET. Any aberration at this stage can hamper your career goals significantly.

Whether you are focused on medicine and/or technology, success in today's context depends on excellence in board exams as well as CET. Which means you have twin goals - board exams and CET. Your future is pivoted on your performance in these 2 exams, just a year from now. While the board exams will measure your knowledge, CET will test your application skills. And taken together, they will decide what you will do in future, your branch and where you will study and how much you will pay as fees ...

So, the stakes will get bigger. Are you ready for that task ahead? Do you have a coherent strategy and a work plan to become an outstanding performer? You need a guiding force. You need constant support in your learning and beyond.

BASE offers PreUni Plus for students seeking excellence in PU and CET. Read on to know more about the program:

PreUni Plus: Unique Features

Courseware:

- Printed courseware for PU and CET
- Mandatory and additional practice exercises for each topic

Regular classroom sessions:

- Classroom sessions focus on dual objectives of exhaustive coverage of concepts and improving performance in exams
- Sessions planned out for the entire year

Excellent faculty: BASE faculty includes over 150 highly qualified and trained professionals, who are in touch with the exam patterns and changing trends.

Tests & feedback: Regular tests are conducted all through the year to measure the progress of each student. They include:

- Monthly unit tests
- Final practice papers on the lines of II PU & CET test series

CET 2011
66 in Top 100 Ranks

Feedback to parents: BASE believes that parents have an important role to play in enabling the excellence of their children. Regular feedback will be provided to parents on attendance and performance levels of their children.

Mentoring: The faculty will provide valuable advice that can motivate and enhance the student's performance.

Real exam simulated conditions: Students will get familiarized with the real exam situation.

Online tests: Online CET tests are an integral feature of the program. Regular online tests help in better performance in CET.

Online courseware: To complement classroom inputs and make self-preparation more effective, excellent online courseware is provided.

Subjects: Any Combination

You can choose any combination from among PCM, PCB, PCMB and PCME (at select branches).

Class Schedule

Schedules are designed to suit students' convenience. Our student counselors will ensure that every student is allotted a convenient batch, location and morning/evening sessions, based on his/her choice (subject to availability).

CET Medical 2011
5 in Top 10 Ranks

Admission Criteria

Admission is offered to students based on their performance in Science and Mathematics in X Standard and in I PU. Admission is offered based on availability of seats.

Admissions Open for 2012-13. Classes Begin March 2012

Start off your preparations for a bright future in right earnest. To know how BASE can help you excel in both PU and CET, and how we are different, come in and talk to our counsellors right away.

But remember one thing: II PU is the time to change gears. So, act fast, now!
